

NRM North invites you to an in-field discussion on

Managing hillslope erosion in intensive cropping systems

NRM North will introduce a new farm trial aimed at identifying the most cost-effective way of reducing hillslope erosion in red-soil cropping.

Industry experts including Frank Mulcahy and Dr Bill Cotching will be on-hand to discuss erosion and other soil and crop questions.

This new trial includes deep ripping, ripper-mulching, cover cropping and bare fallow.

Date: 9.30 – 11:00am Tuesday 18th June, 2019

Venue: Huett's farm, Archer St , Weetah (see directions overleaf)

RSVP: Peter Heading e: pheading@nrmnorth.org.au;

PH: 0400 737 253 by Monday 17th June for catering purposes (BBQ Breakfast kindly supplied by Roberts Ltd)

Trial site location is on the other side of the highway from Deloraine on the road to Weetah. Once off the highway turn right onto Archer St
