

The People in Dairy Adviser Workshop

Advisers to the dairy industry are invited to participate in this free adviser workshop that will add some new skills and resources to your ability to assist farmers with people related issues on farm. Don't miss this opportunity!

What to bring:

Please bring your laptop with you. We will supply the internet connection to enable you to use your own laptop during the workshop.

This will allow you to install templates and some of The People in Dairy tools on your own laptop with the support of the facilitators on the day.

Please let us know if you don't have access to a laptop!

The People in Dairy

One day interactive workshop for dairy advisers:

- To introduce The People in Dairy approach and raise awareness of the need to change the culture of the dairy industry around people.
- To familiarise advisers with the resources on **The People in Dairy** website.
- To demonstrate the use of the tools on the website
- To encourage advisers & provide confidence to approach people issues with their clients

The People in Dairy website has been developed to provide the dairy industry with an online resource kit aimed at equipping farmers and their advisers to manage the entire people resource on dairy farms.

Learn how you can make the most from this interactive and up-to-date resource!
